OCTOBER 5TH: WORKING AT THE INTERSECTION OF MENTAL HEALTH AND LGBTQ+
IDENTITIES

Dr. Laura Anderson has been a licensed child and family psychologist for more than twenty years, and has spent countless hours in offices, homes, facilities and school settings. In the past decade, Dr. Anderson has done a deep dive into specializing in the provision of services to gender expansive and LGBTQ+ kids, teens and their families. She is a member of the UCSF Mind-the-Gap Mental Health Consortium for mental health providers who are gender specialists. Dr. Anderson also spent time as the co-founder of Parenting-in-the-Gap, a group under the umbrella of Mind-the-Gap that focuses on training therapists to work effectively with family members of gender expansive youth. For many years she supervised a family engagement program designed to help LGBTQ+ youth and their families thrive. For both personal and professional reasons, Dr. Anderson is passionate about supporting gender expansive, non-binary, and transgender youth and their families and is excited to be partnering with the CAMHD.
